ABOUT THE ASSOCIATION

Bapuji Educational Association, which was started in 1958, was a milestone in the history of Davangere. Before the establishment of this association, there was little scope for higher education. Davangere was once known as 'The Manchester of Karnataka' because of its cotton and oil mills. Due to the fall of these mills, the glory came to an end. But gradually this led to the growth of educational institutions, and Davangere has earned the name the 'Oxford of Karnataka'. The names of the Bapuji Educational Association and Davangere have almost become synonymous because of its 54 educational institutions. The credit for placing Davangere on the National and International level goes to Dr. Shamanuru Shivashankarappa, Hon. Secretary, BEA and M.L.A., Davangere South.

ABOUT DRM SCIENCE COLLEGE

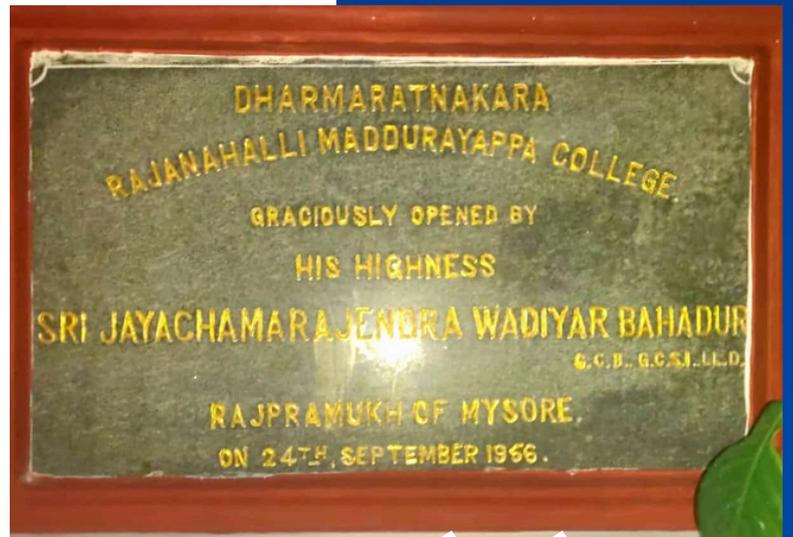

Dharamarathnakara Rajanahalli Maddurayappa Science College (D.R.M. Science College) formerly known as D.R.M. College, is the mother of all constituent schools and colleges of Bapuji Educational Association (B.E.A.). Previously it was a Government Intermediate college started in 1947 and was run by the Government of Mysore. The BEA took over this college (perhaps first of its kind) in 1958 and converted it into First Grade Arts, Commerce and Science College. Being one of the oldest and reputed colleges, it caters to the needs of both rural and urban students. The college is named after its donor Sri Dharmarathnakara Rajanahalli Maddurayappa, Davangere.

The college, owing its increasing strength, was bifurcated into D.R.M. Science College and A.R.G. Arts and Commerce College in 1973. The college which was formerly affiliated to University of Mysore, Kuvempu University, Shivamogga is now affiliated to Davangere University, Davanagere. This is an aided college, recognized by UGC under 2f and 12B. The Government of Karnataka took a decision to separate P.U. College from composite Degree Colleges and accordingly was further bifurcated into D.R.M. P.U. Science College and D.R.M. Science College (Degree) in 2001.

The college has been accredited by NAAC in the first cycle with Three Stars on 22.03.2001, second cycle with grade B+ on 31.03.2007, third cycle with grade 'B' on 01.05.2015 and fourth cycle with grade B+ on 15.02.2022. The college is proud to have units of NCC, NSS, Rangers and Rovers, Youth Red Cross which are supporting in building the personality of the students.. Motto of the College: "WORK IS WORSHIP."

SAMMILANA

5th Alumni Meet

"SAMMILANA" event is a delightful and memorable gathering organized to celebrate the spirit of connection and nostalgia among alumni. This special occasion provided a platform for former students to reunite, relive cherished memories, and share their journeys since graduating. The event featured engaging activities such as networking sessions and heartfelt speeches, creating an atmosphere of warmth and camaraderie. "SAMMILANA" served as a bridge between the past and present, fostering a strong bond between alumni and their alma mater while inspiring current students with stories of success and resilience. It was truly a celebration of achievements, friendships, and the enduring legacy of the institution.

SAMMILANA

Dear Alumni,

Over the past academic year, our college has made significant strides in various areas, contributing to the overall development and success of our institution.

Academic Achievements

- **Student Performance:** The academic performance of our students has shown a marked improvement, with higher pass rates and an increase in the number of students achieving distinctions.
- **Technology Integration:** The college has invested in upgrading its IT infrastructure, including high-speed internet, smart classrooms, and Mini Lab to support faculty members.
- **Sports and Recreation:** Our students have excelled in various inter-college competitions, bringing home several trophies and accolades.
- **Cultural Events:** The college has hosted numerous cultural events, fostering a vibrant campus life and encouraging student participation in arts and cultural activities.
- **Outbound Training Programs:** An OTP is a type of training that uses experiential learning methodology to help students learn from group tasks or activities in an outdoor setting. The students are divided into teams and assigned a goal to achieve together. A trained facilitator guides the participants to reflect on their experience and transfer their learning to the workplace settings.
- **Industry Partnerships:** Collaborations with industry partners have been enhanced, providing students with internship opportunities, industry visits, and guest lectures from professionals.

The progress made over the past year is a testament to the hard work and dedication of our faculty, staff, and students. We remain committed to fostering an environment of academic excellence, innovation, and community service, and we look forward to achieving even greater milestones in the coming years.

THANK YOU!

For your being part of Sammilana !

Our alumni are the heart of our Institution's legacy, a testament to the values, education and aspiration nurtured within these walls. The bond between an institute and its alumni is one of profound mutual impact - while the institution lays the foundation for growth and success, our alumni carry its spirit into the world, inspiring change and excellence. This alumni meet is a celebration of that enduring relationship, a moment to honor our shared journey, rekindle connections and strengthen the bridge between the past, present and future of our community. Together, we continue to build a legacy of learning, leadership and limitless possibilities.

Let's be connected!
